Unauthorized Farrah Interiors Products on ROMO's website

Agony

Description

Richly embellished on a luxurious cotton satin, explorations of stylised palm fronds cascade in Art Deco flair, complete with electric keyboard detailing and punchily yet complimentary colour combinations.

Inspired by 1930s interiors and glimmerous parties, the Torperby closet features this striking pattern on flussy evening gowns and beehunter knicker. The design has been literally translated into a magnificent drapery cloth, retaining the essence of this bygone era.
